WIFI Smart Switch

Product Description

1. User can use a smartphone to remotely turn on/off lights anytime and anywhere via APP as long as the iOS/Android phone has 3G/4G/WIFI network, which makes your home lights smart in 1 sec.

2. Support timer on/off function and it can set many groups of timer settings. Support network off work function, the timer setting can work as usual even if the network is shutting down.

3. One smart switch can be operated/shared by multi-phones and one phone can control several switch (Depends on the bearing of the router in practical use).

4. User can control this stepless switch via voice through Alexa / Google device to turn on/off the light. Connect APP with IFTTT, then you can create triggers and actions on IFTTT website/APP and control your lights. These make the operation more convenient and more intelligent

5. APP language categories,Chinese, Traditional Chinese, English, Arabic, Spanish, French, Russian, German, Italian, Japanese, and Holland.
It automatically switch according to the user's phone language, default English

Quick Details

Product name : Wifi touch Smart Switch	Mechanical Life : 100000
Model Type : 4 gang 1 way WIFI	Standby consumption : 0.1mA
Model Number : ZSTY-SM-41-US	Standby Power : ≤0.5W
APP : Samrt Life,tuya app,tuya life	Standard : US Standard
Working voltage : 100v-240v ~, 50Hz / 60Hz	Color : White / Black / Gold
Product material : toughened glass panel + fireproof PC shell	Control Mode : Touch control, mobile phone remote control, voice contro
Working current : 10A max	Load type : 500W/ Road
Wiring mode : Neutral wire	Security mechanism : wpa-psk / wpa2-psk
Operating temperature : 0 ℃ ~ 40 ℃	Gross Weight : 220 gm
Relative humidity : less than 95%	Dimension (L*W*D) : 118*72*40mm
Wireless standard : WiFi2.4GHz -802.11 b/g/N	Warranty : 12 Months
